Vantage Lite [VTL]

Base Price: \$7,495.00

Vantage Lite speaks Spanish with New Bilingual Option!

Overview

Vantage Lite is our communication powerhouse for people on the go! Vantage Lite is portable, lightweight, and easy to learn. The Vantage features several keyboard options including the standard QWERTY keyboard.

Vantage has a strong core vocabulary featuring the powerful Unity language system in multiple display configuration settings.

Vantage Lite provides an excellent starting point for the child or adult just beginning augmentative communication . . . and those ready for the next step!

The Vantage Lite and Vanguard Plus have the same operating systems, features, and capabilities. Choose Vanguard for a larger screen; Vantage Lite for portability.

Features

- Unique, integrated carrying handle ideal for users on the go.
- Recessed and covered ports and connections stand up to rough use.
- Heavy-duty case design protects against bumps and drops.
- "Exploration Wizard" for exploring targeting, picture recognition, associations, and vocabulary options.
- Built-in player allows user to import WAV files and play MP3/WMA files in stereo.
- Compact flash card slot for future expandability.
- Import icons or digital photographs
- Infrared environmental control functions control common IR devices, i.e., lights and TV/DVD players.
- Integrated Bluetooth® connectivity
- Notebook capability for creating or storing text.
- Presets to support implementation of LAMP therapy strategies.
- Special vocabulary sets for adults with acquired language disorders.
- Spelling and Word Prediction software.
- PRC Application and Support Software (PASS™)
- Access methods include, direct selection; single- or dual-switch scanning; USB connectivity allows use of headpointing systems, mouse, USB joystick and mouse emulation access products.
- Integrated headpointing system utilizes Madentec's Tracker One technology.
